PERSONAL PROJECTS

Speech-n-Text

- This has a series of code files in Python, which can convert speech to text and vice versa. Also it has the ability for text recognition in various pictures. The codes are available in my GitHub profile.

Lights-Camera-Action

- It has series a files, written in Python, with which we can record our screen, click our picture, and our webcam can act as a security camera.

Playing with PDF

- It has series of code files in Python, with which we can convert a PDF file to a CSV file; we can convert a PDF to an audiobook and we can merge 2 (or more) PDFs.

POSITIONS OF RESPONSIBILITY

Organised the Lightroom workshop in my college

Being the Technical Head at the seminar at IITBHU.

Being the Joint Secretary of the Team Phocus
